Email : sathishkumarvvps9360385503@gmail.com
Mobile : +91 9360385503

SKILLS

Programming & Development : Python, Java, JavaScript, TypeScript, SQL
Web & Full-Stack Development : HTML5, CSS3, Angular, React.js, Node.js
AI, Data & Analytics : Machine Learning, Deep Learning (CNN), Data Analysis (Pandas, NumPy), Scikit-learn, Power BI

EXPERIENCE

Angular Full Stack Internship at **Infosys Springboard** *(Remote)* Sep'25 - Nov'25

- Completed **Angular Full Stack Internship at Infosys Springboard**; developed skills in **frontend-backend integration** and modern web development.
- Built applications using **Angular, REST APIs**, and backend services; gained hands-on experience in **full-stack architecture & UI development**.
- Strengthened **problem-solving & coding skills**; delivered tasks on time, showcasing **project execution and scalable application design**.
- **Tech Stack** : Angular, TypeScript, HTML, CSS, REST API, Full Stack Development

Web Development Internship at **Vanillakart** *(Remote)* Sep'25 - Nov'25

- Completed **Web Development Internship at Vanillakart**; built and managed **WordPress websites** with focus on **UI/UX and responsiveness**.
- Customized and maintained **client websites**; improved **performance, usability**, and handled real-world development workflows.
- Gained experience in **live projects, requirement analysis**, and iterative improvements; enhanced **problem-solving & communication skills**.
- **Tech Stack** : WordPress, HTML, CSS, UI/UX, Website Optimization

PROJECTS

Task Manager | Code | Website Jun'25 - Jul'25

- Built **full-stack Task Manager app** using **MERN stack (MongoDB, Express, React, Node.js)** with **CRUD operations** and real-time task tracking.
- Implemented **JWT authentication & role-based access control**; designed **REST APIs** for efficient user and task management.
- Developed **responsive UI with Tailwind CSS**; integrated frontend-backend using **Axios**, showcasing **scalable full-stack architecture**.
- **Tech Stack** : MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS

Hand Gesture Recognition using CNN | Code | Website Jan'25 - Jan'25

- Built **CNN-based hand gesture recognition system** using **TensorFlow/Keras**; applied **data augmentation** to improve generalization and reduce overfitting.
- Designed **multi-layer CNN architecture** with **convolution, pooling & dropout**; trained using **Adam optimizer & cross-entropy loss**.
- Evaluated model using **accuracy & loss metrics**; visualized training results and saved model, showcasing skills in **deep learning & computer vision**.
- **Tech Stack** : Python, TensorFlow, Keras, NumPy, Matplotlib, CNN

SKILLS

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle Apr'26
Artificial Intelligence Primer Certification | Infosys Springboard Apr'26
Java Foundation Certification | Infosys Springboard Apr'26
Full Stack Development with MERN | thingQbator Feb'26
Computer Communications Specialization | Coursera Oct'24

EDUCATION

Lovely Professional University Punjab, India
B.tech in Computer Science and Engineering – *CGPA : 7.01* Aug'23 – Jul'27

Tagore Matric Higher Secondary School Tamilnadu, India
Secondary School and Higher Secondary – Percentage *: 99.4 & 91.83* Jun'19 – Mar'21
